With CES

Each organization
doing what they
do best

THE TRUTH ABOUT CES

CES IS

- A collaborative framework connecting persons experiencing homelessness to the best resources to meet their needs.
- A process for matching someone to appropriate housing interventions and diverting those who can self-sustain.

CES IS NOT

- A system that creates new housing resources
- A giant waiting list
- A computer system
- A housing application
- A system owned by a singular agency
- A program
- An instant fix
- A rigid system

CES WORKS

- Housing the most vulnerable, most likely to die without stable housing
- Prioritizing frequent users of public emergency systems
- Diverting Persons with less severe needs to less intensive programs
- Information sharing through HMIS and case conferencing
- Coordination and strategic SPA-wide collaboration

CES SYSTEMS

- Three CES systems in place in LA CoC
- Harbor Interfaith is the SPA & lead for Families, Adults, and Transitional Age Youth
- Not every agency will utilize every system, but can still refer clients to appropriate resource

Coordinated Entry System

CES Survey & Recommended Housing

- Homeless adults are assessed with the CES assessment.
- The CES Survey is a triage based tool.
- CES Survey is **not** a housing application
- The survey gives a score between 1-17
- Adults who have previously been assessed do not need to be assessed again.
- If the score does not seem appropriate, there is an option for a score revision worksheet or utilization of the Full SPDAT.

H. Scoring Summary

Domain	Subtotal	Results	
B. Basic Information	/1	Score:	Recommendation:
D. History of Housing & Homelessness	/2	0 - 3	Diversion and support services
E. Risks	/4	4 - 7	Short-term housing with support services
F. Socialization & Daily Functions	/5		
G. Wellness	/5	8 +	Long-term housing with support services
Grand Total:	/17

Coordinated Entry System (CES)
For youth, individuals, and families experiencing homelessness

A collaborative of

CES for Individuals

What is CES?
 The Coordinated Entry System (CES) brings together existing regional programs under one collaborative framework connecting youth, adults, and families experiencing homelessness to the best resources that meet their needs. CES uses a standard survey to help service providers quickly understand the needs of someone who is homeless. It also is designed to eliminate housing waiting lists. CES is implemented throughout the entire County of Los Angeles, ensuring a consistent response and complete coverage of those experiencing homelessness no matter where they live.

What are Regional "Hubs"?
 The South Bay is divided into regional hubs to better serve the entire South Bay area. A lead agency covers the communities within its assigned hub.

What is Crisis Housing?
 This is 24-hour emergency housing for people experiencing homelessness. It also includes "bridge housing" that provides shelter services for those waiting to move into permanent housing. SPA 8 also has crisis housing for those with a history of domestic violence or human trafficking.

- List yourself or another person as **Point of Contact** on the program profile page as all matching is done through the point of contact.
- Assist clients in being doc ready (Ex. ID, SSC, Income varication) and upload docs in clarity
- Keep client contact info & location up to date (phone number, email, & emergency back ups)
- Connect clients to appropriate services if needed (DMH, Interim beds,...)
